GENERAL CONDITIONS

1. The permittee assumes the responsibility and all of the liability for any injury or damage to said right-of-way, or to any person while using said right-of-way in a lawful manner, caused by or arising out of the exercise of this permit.
2. All work done, together with any testing of materials and workmanship required by the City shall be at the sole expense of the permittee and shall be done at such time and in such manner as to be the least inconvenient to the traveling public and as directed by the City. Work must be satisfactorily completed in the time specified on the permit.
3. The permittee shall notify the City 24 hours in advance prior to commencing any work authorized hereby. When the proposed work is completed the permittee shall repair the roadbed and replace the surfacing material thereon, and will leave all areas within the right-of-way in as good a condition as when work began. All work shall be inspected by the City and at such times during prosecution of the work as the City may direct.
4. Request for inspection must be made 24 hours in advance. If the subject of the permit fails to pass final inspection, the permittee will remove and / or replace the same within such time as specified by written notice from the City; or if at any time thereafter, any material or workmanship used by the permittee in replacing or reconstructing any part of said right-of-way proves defective or that would be a hazard or source of danger to the traveling public, the permittee will promptly replace the same with the kind of workmanship and the quality of material as required by the City.
5. In the event that the work to be done under the authority of this permit necessitates the creation of any hazard or source of danger to any person or vehicle using said street or right-of-way, said permittee shall provide and maintain at all times during the existence of said hazard, sufficient barriers, danger signals, lanterns, detours as specified by the Manual of Uniform Traffic Control Devices, and shall take such other measures, or precautions as the City shall direct. All work performed under the authority of this permit shall be done in accordance with the manuals deemed by the City to be applicable thereto.
6. If at any time the right-of-way or any portion thereof occupied and used by the permittee may be needed or required by the City, or if in the opinion of the City the permittee fails to comply with the terms and conditions of this permit, then any permit granted in pursuance of this application may be revoked by the City and all rights there under terminated, and upon sufficient notice, the permittee shall remove all property belonging to said permittee. In the event any portion of the right-of-way interferes with, or is needed to be moved / adjusted in order to construct, maintain, reconstruct, improve, or relocate any highway, street, road, drainage, or sewer lines, or structures pertaining to, by, or for the City, the permittee shall at his own expense, relocate, remove, lower or raise such property within a reasonable time, when so notified by the City.
